SUMMARY

Web developer with 1.5 years of experience developing progressive web applications and dynamic websites. Proven skills in advanced language learning, expert problem solving, time management, verbal and nonverbal communication, and the importance of continual improvement. Recognized for outstanding teamwork and results-focused, high quality work.

TECHNICAL SKILLS

HTML5 | CSS3 | Javascript | Bootstrap | JQuery | NodeJs

PROJECTS

Dinner and a Movie github.com/CurtisLane/Dinner-and-a-Movie | curtislane.github.io/Dinner-and-a-Movie

- Search for recipes and top trending movies on the same page.
- Role: Manage agile project workflow with Trello, use ajax to query two api's, use jQuery to display results dynamically, implement Animate on Scroll and Lettering.js libraries, and contribute to front end styling.
- HTML5, CSS3, JavaScript, jQuery, AJAX, Api's, AOS, Lettering.js

Gif-tastic! | github.com/CurtisLane/GifTastic | curtislane.github.io/GifTastic/

- Giftastic: Anime Edition is a web application which generates gifs based on which button is selected. New buttons can be created by a user search.
- Objective: Produce a web application which will render 10 gifs from the Giphy API related to a button pressed by the user. New buttons can be generated by search input.
- HTML5, CSS3, JavaScript, jQuery, Bootstrap, AJAX, Giphy API

Trivia Game | github.com/CurtisLane/TriviaGame | curtislane.github.io/TriviaGame/

- Avatar: The Last Airbender themed trivia game to test your knowledge of the show with 10 questions followed by an evaluation of your fandom.
- Objective: Create a dynamic website with custom style to function as a trivia game with timed questions. Each correct/incorrect answer is stored and a score is given at the end.
- HTML5, CSS3, JavaScript, jQuery, Bootstrap

EXPERIENCE

Massage Therapist

2014 - 2020

Hand and Stone; Winter Springs, FL

Provided clients with a customized massage experience using various technical skills acquired through training. Tasked with training and mentoring new therapists focusing on client engagement and team support.

- Maintained a 90%+ request rate for three years by consistently providing high quality service.
- Achieved outstanding customer satisfaction ratings and recognized for strong team collaboration.
